

Diamond Crystal® GreenMelt® ice melt

A green-tinted high performance ice melter containing a blend of sodium, potassium and magnesium chlorides for faster melting than regular rock salt. GreenMelt® ice melt is green-tinted for easy-to-see coverage on ice and packed snow. Formulated for minimal to no staining when used as directed.

Item Code = GREENMELT

50 lb. Bag 49 Bags per Skid *Call for current pricing.*

Diamond Crystal® Glacier Melt® Blended Ice Melter A specially formulated blend of magnesium chloride and sodium chloride, which allows for fast action and lower application rates. Works below 0 degrees Fahrenheit. Glacier Melt® blended ice melter is a cost effective choice to premium blends and more expensive substitutes. Leaves no oily residue.

Item Code = GLACIERMELT

50 lb. Bag 49 Bags per Skid *Call for current pricing.*

Diamond Crystal® Dyn-O Melt™ Blended Ice Melter Unique, three-component blend of magnesium chloride, monosodium phosphate and sodium chloride is specially formulated to provide accelerated deicing. Contains one of the most powerful corrosion inhibitors available. Leaves no oily residue.

Item Code = DYNOMELT

50 lb. Bag 49 Bags per Skid *Call for current pricing.*

Diamond Crystal® Flash Melt® ice melter pellets give off heat as they dissolve, melting more ice faster at lower temperatures — as low as -25° F. Melts more so you can use less and leaves no powdery residue.

Item Code = FLASHMELT

50 lb. Bag 56 Bags per Skid *Call for current pricing.*

Diamond Crystal® Winter Melt® Ice Melter (**Rock Salt**)

Unique sizing mixture of large and small crystals of natural sodium chloride - small crystals melt on contact and large crystals provide longevity and instant traction. Works best at temperatures of 5 degrees Fahrenheit and above. Leaves no oily residue.

Item Code = ROCKSALT

50 lb. Bag 49 Bags per Skid *Call for current pricing.*
